

# only The all-in-one serving machine!

**OUR STORY:** Sports Attack began engineering and manufacturing its patented ball-throwing machines for multiple sports in 1995. Today, these machines are used by leading professional teams and top universities that read like a "Who's Who" of sports. The Ace Attack tennis model has been time-tested in the field for nearly 2 decades.

## FOCUS

Flashing feed indicator trains player focus, split step, and ball response!

## DURABLE

Powder-coating with polyester paint keeps machine rust-free.

## VERSATILE

Unique 3-wheel design feeds right- or left-handed flat, slice, or kick serves as well as specialty shots that include inside-out slice backhands and side-spinning squash shots.

## POWER

Feeds serves or groundstrokes from 20 to 110 mph.

## PRICE

Half the price of competing machines. MSRP \$6,995 (includes remote control).

## VISUAL

Transparent poly-carbonate ball basket shows when basket is almost empty.

## REALISTIC PRACTICE

Feeds serves and groundstrokes at adjustable heights with 3 drill pattern options: random, 3-ball, and 4-ball.

## OSCILLATION

Variable width 2-line and 3-line; plus 1-line and random.

## FUN

New improved control panel is simple to use!

# Fact Sheet

## PLAYABILITY

release points (lowest to highest positions)	42" to 100"
groundstroke or serve speeds	20 to 110 mph
variable oscillation	Variable width 2-line and 3-line; plus 1-line and random
3 throwing wheels	feeds any combination of topspin/backspin/sidespin
arc control	lever arm on the machine varies ball arc
lift control	flip one switch for machine to effortlessly go up or down
control panel	easy to use in private, club or team settings

## SPECIFICATIONS

cantilevering arm system	maintains proper throwing head angles in full range of motion
ball storage bin	transparent "bullet-proof" polycarbonate bin holds 200 balls
H-Shape base	maneuvers through narrow entrances with complete stability
weather-proof Heyco-flex tubing	protects wiring system
polyester powder-coated paint	weather resistant in any climate
open motor housing	eliminates the need to remove ball fuzz
riser step	makes refilling ball basket easier than ever
assembly	only wheels and ball bucket need to be assembled
110 V	small upcharge for 220V system

## WEIGHT & DIMENSIONS

machine weight	150 pounds
machine dimensions (lowest position)	H67"xD53"xW35"
machine dimensions (highest position)	H127"xD53"xW35"
shipping weight	220 pounds
shipping dimensions	H59"xD55"xW36"
shipping time	machines ship within one week of finalized order

## Warranty Statement

Copyright 2016 Oncourt Offcourt, Ltd.

We stand behind the material and workmanship of our machines for five (5) years from the date of original purchase for institutional and residential use and one (1) year for commercial environments, with the following exceptions: The throwing wheels, electronic controller, and throwing wheel motors are all covered for two (2) years. This warranty excludes any cosmetic issues or normal wear and tear of the unit, and is not in effect if the machine has been misused, misapplied, improperly assembled, or modified without the express written permission of Sports Attack. This warranty also does not apply to damage in transit, in any accident unrelated to the direct operation of the equipment, or by fire, flood, or act of God. If you encounter any issues during your warranty period, Sports Attack will quickly get your machine back in working order. If the warranty repair involves a replacement part, we will make sure you get both the part and easy instructions for replacement at no cost to you. If a service person is needed, Sports Attack will pay a pre-approved labor charge to repair the machine.
